If the smooth step install does not install/work properly you may manually check your adapter settings by following the steps below. Please call a VELOX CNC rep. if your issue persists.

Look to the bottom right hand corner of your computer screen:

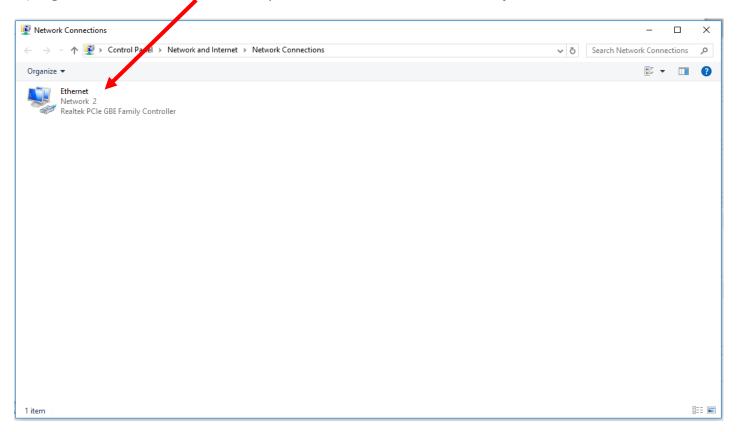

1.) Right click on the computer icon then left click on: Open Network and Sharing Center

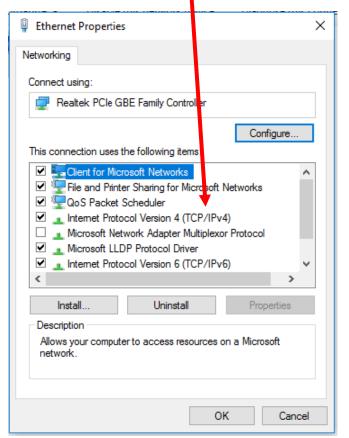

2.) Left click on: Change Adapter Settings

3.) Right click on the Ethernet adapter icon then left click on: Properties

4.) Double click on: (TCP/IPv4)

5.) Verify that these are your current settings:
